FLOOD CONTROL HEARING TO BE HELD THURSDAY

GOVERNMENT TO HEAR ALAMEDA FLOOD DAMAGE AT ALVARADO MEETING

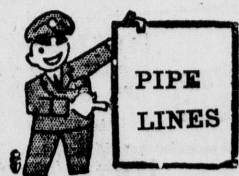

SAN FRANCISCO — A public hearing in connection with the examination of Alameda Creek will be held by District Engineer K. M. Moore, in conjunction with representatives of the Department of Agriculture, at 7:00 p. m., Thursday, December 11 in the Alvarado Grammar school auditorium at Alvarado.

The Flood Control Act of August 28, 1937, authorized a preliminary examination of Alameda and San Lorenzo Creeks, California, for flood control, runoff and water-flow retardation, and soil erosion prevention on the watershed. The public hearing for San Lorenzo Creek was held July 29, 1938, following which an examination and survey of that basin were made.

All interested parties are invited to be present next Thursday, or to be represented at the above hearing, particularly the owners of lands and the officials of any county, city, town, or local association whose interests may be affected, according to the War Department's engineer offices.

Oral statements will be heard, but for accuracy of record all important facts and arguments should be submitted in writing. Six copies of all written facts and arguments and of all plans and other exhibits should be submitted. Clear and legible photographs at a reduced size will be accepted for all but the original copy of large plans or photographs. Blueprints should be submitted on thin paper wherever practicable. Written statements may be handed to the undersigned at the hearing or mailed to him beforehand. While a full and free discussion of all pertinent phases of the subject is desired, arguments and data other than those pertaining to the matter at hand cannot be considered.

Flood control examinations and surveys conducted under authority of the Flood Control Acts of 1936, 1937, 1938, and 1941, are carried on jointly by the War Department, under direction of the Secretary of War and supervision of the Chief of Engineers, and by the Department of Agriculture under the direction of the Secretary of Agriculture. The data to be assembled and submitted by local interests generally embrace three parts: namely, Flood Control, Soil Conservation, and Assurances of Local Co-operation. All property owners concerned are urged to be present.

By Ernie Frick

Howdy Folks; The average man, we are told works one day a week for the government—unless, of course, he is on the government payroll.

Some one has said that the cheaper the politician the more he costs the people.

Which reminds us that the polls are the places where you go and stand in line to decide who shall spend your money.

One fellow who lives on the flat of the land is the pawnbroker.

You can live better and save money too, if you'll buy our Fraser Floor Heaters.

Try it and see for yourself.

NILES

RAINFALL IS 3.26

The desultory rainfalls over the weekend and the heavy rain of Tuesday and Tuesday night brought .87 of an inch to the Niles district, according to records kept at the Southern Pacific depot in Niles. The total last reported was 2.39 on November 21, plus the .87 of an inch which has since fallen, bringing the seasonal total to 3.26 inches up to Wednesday morning, when the storm cleared. The Sullivan Underpass had water in it Tuesday night and Wednesday morning. The county is said to have received the new pump which it ordered last August.

JUNIOR CHAMBER COMPLIMENTED ON ACTIVITIES

NILES BODY STANDS CHANCE TO RECEIVE NATIONAL AWARD

After hearing the usual routine of business transacted at the regular monthly meeting of the Niles Junior Chamber of Commerce held Tuesday evening in the City of Florence Restaurant with President Ed Enos in the chair, Lester McElwain, national director of the State Junior Chamber of Commerce said he had not yet visited any small Junior Chamber in California which carries on the extensive schedule of Youth Welfare activities sponsored by the local body.

He said an entry should be made at both the state convention next May, and the national convention in Dallas, Texas, next June, showing that the Niles Junior Chamber sponsors a Boy Scout Troop the year around; gives an annual turkey dinner to the Junior Traffic Patrol; entertains upwards of 600 children at the annual Kiddies Party in co-operation with the Niles Theatre management every Christmas eve in the afternoon;

Co-sponsors with the Niles P. T. A. an annual Halloween party for children, and is sponsoring a petition to have a school bus purchased to bring district children safely to school from the rural district.

McElwain said he did not know of any Junior Chamber in the state, even in cities of 25,000 population which carried on such a pre-tentious schedule every year.

President Enos appointed Joe Viveiros chairman of the annual Kiddies party at the Niles Theatre for the afternoon of Wednesday, December 24. The latter reported the gift candy had already been ordered.

— Tree Contest

The new project of awarding prizes for the best outdoor lighted Christmas Tree contest being inaugurated this year was given considerable attention. The chamber voted \$5 as a cash award to match the \$5 already voted by the Senior Chamber. This \$10 will be paid as first prize to the householder who has the best outdoor display within the limits of the Niles School District. This will include homes on the Nursery Road as well as east on the Mission highway.

George C. Roeding, Jr., president of the California Nursery Company on Wednesday morning offered to donate ten of his best Roeding Quality No. 1 Rose bushes, six of which the Chamber will award as second prize and four as third prize in the contest.

The chair appointed the following committee to judge the contest: Mrs. James R. Whipple, Mrs. E. C. Grau, Mrs. Gladys Williamson, Dr. T. C. Wilson as chairman of the Senior Chamber and himself as president of the junior body. Tuesday evening, December 23 was set as the final night of the judging.

— Fine Scoutmaster

Lewis Lewis, chairman of the Niles Scout Troop reported the troop now has a fine scoutmaster; that the Scouters met Wednesday of last week to plan the Scouts annual Christmas party; a snow trip for six or seven Scouts; the district mobilization call for December ?? and the annual Scout Rally at the High School gymnasium on January 20. He said seven new Scouts had joined the local troop.

It was voted that the body pay its \$3.33 pro-rate with the Niles PTA of the cost of putting on the

HERE is one of the new 25 pounder guns that Canada is now producing in large numbers. Prior to the war Canada was not equipped to manufacture guns of any kind. Now the Dominion's industry is producing one type of field gun; one kind of light gun; two types of mortars; two types of anti-aircraft guns; an anti-tank gun and naval gun mountings. Soon fourteen types of land and naval guns and ten types of carriages and mountings will be made in Canada.

LEGION MEMBERS GRANT GUARD CO. USE OF RIFLES

The Washington Township Post, American Legion voted at its meeting on Wednesday night of last week to prepare and serve a good dinner on Thursday night, December 18 to the members of the Washington Township Men's club in the Memorial Building banquet hall at Niles.

The membership also voted to participate with the Auxiliary in a joint Christmas party on Tuesday night, December 16.

A report was given on the progress of the State Guard provisional rifle company being formed at Centerville, by Walter Waynflete, chairman of the activity, who stated there were 41 men on the roster, with 34 needed to make a full company.

In the absence of Ray Peterson, State Guard dance chairman, Waynflete announced the committees and asked all Legion men to attend, wear their caps and ties, and buy tickets.

The membership voted to permit the temporary use of their firing squad rifles by the Guard company on Monday nights, for drill in the manual of arms, with Waynflete and Peterson to be responsible for the safety of the rifles. The privilege will terminate when the Guard unit is mustered in and receives their own rifles.

The Sons Squadron joined the Post in enjoying sandwiches and coffee in the kitchen after their respective meetings.

DEPARTMENT THANKED

NEWARK — The Newark Fire Department received a letter of thanks last week for their quick and efficient work done at Mr. and Mrs. Fred Muller's home on the corner of Cherry Road and Thorton Avenue, which was partially destroyed by fire a month ago. Mr. and Mrs. Harlan Johnson, the tenants occupying the home at the time, were away the evening when the house caught fire. The Johnsons are now residing on Thorton Avenue next to the Newark Garage.

recent Halloween party at the Grammar School for children.

John Berchem was made chairman of the state convention delegation which goes to Fresno in 1942. He was also made chairman of the annual turkey dinner to be served the Niles Junior Traffic Patrol sometime in January; with Jack Parry and Vernon Ellsworth to assist him.

McElwain said the local body should send for a gold emblem to be presented to the most outstanding local young man under 35 years of age. This same activity will be conducted simultaneously all over the nation via a radio broadcast on January 22.

Joe Hoffman represented the Kraftite company at the meeting and John Tschetter from Doland, South Dakota was an interested guest of Walter Waynflete at the meeting.

READY FOR ACTION

Passed by censor

DIAL TELEPHONES REQUIRE CHANGES IN PHONE NUMBERS

HAYWARD — Work on the dial telephone project that will provide Niles with dial service next Spring is progressing on schedule, according to W. B. Sutherland, manager for The Pacific Telephone and Telegraph Company.

Next step in converting the present system to dial operation, Sutherland said, will be the installation of dial telephones on the premises of each subscriber in Niles. Installers will begin this part of the job shortly and will be provided with proper identification credentials which they will be glad to show if requested.

It will not be possible to use the dial telephone for placing calls until the new system is ready to operate, Sutherland explained. Full information in the operation of the dial telephone will be given each subscriber prior to the time the new service is introduced. Demonstrations in how to use the dial telephone will also be given in the company's business office until subscribers become familiar with the new system, it was stated.

Sutherland explained that the introduction of dial service here will necessitate changing all telephone numbers in Niles so they will function with the new equipment.

"The number change is necessary," said Sutherland, "because of the different telephone numbering arrangement required by the dial system. All new dial numbers will have four digits.

"New numbers will not be available until shortly before the change-over to dial service. We are announcing it now so that customers will keep the coming change in mind when ordering printed material carrying a telephone number reference."

A new telephone directory containing the new dial telephone numbers will be issued and distributed prior to the change to the new service, Sutherland said.

REVEREND DAY IMPROVES CHOIR PLANS SERVICES

Reverend Richard C. Day, Pastor of the Niles Congregational Church, who sustained a heart attack early Thanksgiving morning had sufficiently recovered on Tuesday that he was removed from the East Oakland Hospital to his sister's home in the Bay Region. It is not expected that he will return to his duties at Niles until about the first of the year.

Professor Fred Johnson of Hayward conducted the service Sunday morning, following which the choir and the board of trustees held an informal meeting to make their plans for a candle-lighting service to be held Christmas Eve on Wednesday, December 24 from 11 o'clock at night until midnight.

Professor Johnson is associated with the Eden Congregational Church at Hayward. Mrs. Walters of the Masonic Home substituted at the organ on Sunday during the absence of Miss June Brown, who

SYRIAN SPEAKER

CENTERVILLE — Salom Rizk, a refugee Syrian who was in the first World War, now being sponsored on a lecture tour by the editors of Readers Digest, addressed the student body assembly at Washington High school on Thursday afternoon. He had an interesting story to tell of his struggles to learn the language and succeed here in America, which is still "The Land of Hope."

— Dance with the State Guard! —

NILES SPORTSMEN SEEK LOCATION FOR PHEASANTS

NURSERY AREAS SUGGESTED FOR BIRD PROPAGATION

Forty members and friends were present in Solon's club room at Niles on the real Thanksgiving Day, Thursday evening of last week to enjoy a bang-up turkey dinner served by a committee of the Niles Sportsmen Club. The "cooks" consisted of Bill Estudillo, Barney Biachi, Tony Silva, Dick Attinger and Bain Leask.

Dr. T. C. Wilson presided. Bill Bunk as program chairman displayed two reels of moving pictures, one showing deep sea fishing and other stunts performed by various types of vehicles. The equipment was provided through the courtesy of the Tidewater Associated Oil company.

Game Warden Fred Rogers gave an interesting talk on game conservation and explained some of the methods used by his department in apprehending offenders. He complimented the Niles Justice Court for the maximum fines meted out to convicted game law violators by Justice Jos. A. Silva the fines being large enough to discourage further depredations. He said the wardens work hard to obtain evidence only to have many violators let off with such light fines they go right out and repeat their offenses.

Secretary Wilson of the Hayward club of the Associated Sportsmen of California gave an informative talk on the work of the association. He said there are between 2500 and 3,000 organized sportsmen belonging to the 29 clubs now functioning in Alameda and Contra Costa counties and that the association had a membership of about 18,000 men belonging to more than 80 clubs in California.

He offered to help the new Niles club to take the necessary steps to affiliate with the state body.

As an example of what happens when sportsmen do not work to protect their fish and game resources he recited that there were formerly 112 salmon packing firms in California, of which more than a dozen were located in Isleton on the Sacramento River. Today there are none. He said it is up to the sportsmen to back legislation to protect salmon, pheasants, quail and other game if we wish our children to know what these species are in the life.

The sheriff's office will have pheasant eggs and parent birds from its prison farm yards ready to be distributed in a week or two according to Warden Rogers, and considerable discussion was held regarding securing the proper breeding areas in this vicinity, with nursery grounds suggested as the most suitable locations. Warden Rogers favored the foothill area back of Mission San Jose.

The next meeting date was set for Wednesday, December 17, with a crab or mud-hen dinner proposed. The committee appointed consists of E. E. Diaz, Ernie Frick and Joe Gomes.

— Dance with the State Guard! —
LAST TWO GAMES
ON AIR SATURDAY

Northern California football fans have two outstanding gridiron attractions on the schedule for the coming week-end. An inter-sectional contest is to take place in Kezar Stadium, San Francisco, Saturday, December 6, with Mississippi State coming west to meet the University of San Francisco. Associated sportscaster Doug Montell will be at the microphone to describe the game over Station

was ill at home. There will be another speaker at the morning worship hour this Sunday.

NILES INCLUDED AS BASING POINT FOR SCRAP IRON

BONUS OF \$2.50 OFFERED WEST COAST SUPPLIERS OF SCRAP

Niles has been included with Oakland and South San Francisco as the basing point for the purchasing of scrap iron, according to an announcement made late last week by Leon Henderson, administrator of the Office of Price Administration.

By reason of California's great distance from other scrap iron producing and consuming areas in the east a special price structure has been granted this state, he says. Maximum basing point prices at these three points is to be increased \$2.50 per ton with respect to grades of scrap usually used in open hearth furnaces.

It is anticipated the new adjustment will enable California steel mills and foundries to tap supplies of iron and steel scrap from every part of the state, reaching even into Oregon, where no city has been designated as a basing point, for additional supplies.

A shipping point price of \$12 per gross ton for No. 2 heavy melting steel scrap may be paid in California wherever the present maximum is below that figure. Existing grade differentials applying to San Francisco and Los Angeles basing points scale upward and downward from this level with respect to all other grades of scrap either for open hearth furnaces or foundries. This enables steel mills and foundries within the State to pay at least \$12 a gross ton at the point where the scrap originates and to absorb all actual transportation charges incident to shipment of the scrap to the consuming plant.

The Annual Christmas party for the American Legion and the American Legion Auxiliary will be held Tuesday, December 16 at the Veterans Memorial Building in Niles.

KQW, San Jose starting at 1:45 p. m.

The final Pacific Coast Conference game of the season will be played Saturday in the Los Angeles Coliseum between UCLA and the University of Southern California. Associated sportscaster Frank Bull will call the plays in a broadcast beginning at 1:45 p. m. to be heard locally over Station KFRC, San Francisco (610 keys).

Coming Events

TODAY

12:30 p. m. Pot-luck luncheon opens Sanford Circle Christmas party at the Niles Congregational church.

8 p. m. Benefit whist party for St. Mary's Orphanage at Parish hall in Centerville.

A REVOLUTIONARY NEW MEAT SERVICE AT SAFEWAY MARKETS ALL OVER BAY AREA

YOU GET TENDER, JUICY, CORRECTLY AGED MEAT WHAT-EVER CUT YOU BUY

Now—an utterly new kind of meat retailing service! Under this revolutionary new plan, Safeway actually takes no risk in guaranteeing you meats always tender, always flavor-perfect, always sure to please your family.

All meats now sold at Safeway markets are of top quality only. All are aged scientifically, under constant temperature control, in Safeway's new Bay Area Central Meat Handling Plant . . . and delivered to Safeway markets in refrigerated trucks.

Yet these far finer Safeway meats are not high priced. New efficiencies in handling meats enable Safeway to start with top grades of meat and still sell at regular prices! You pay not one single cent extra for our new, finer meats!

THE 4 STEPS SAFEWAY TAKES TO BRING YOU Always Perfect Meats

- 1 . . . IMPROVED MEAT SELECTION—All Safeway meats are of top grades only. The top grades of steer beef . . . the top grades of lamb, pork and veal.
- 2 . . . SCIENTIFIC MEAT AGING—Every cut of meat at Safeway markets has been properly aged to develop utmost tenderness, richest flavor.
- 3 . . . CONSTANT TEMPERATURE CONTROL—protects all Safeway meats until the moment you buy them. Even the delivery trucks are refrigerated. And the meat is untouched by driver's hands.
- 4 . . . DAILY DELIVERIES — Every day (Monday thru Friday) your Safeway market man receives just the meats he expects to sell that day. You get Safeway meats only at their peak of perfection.

SAFEWAY'S STANDING OFFER ON MEATS!

Cook any cut of our Safeway meat the way you prefer it. Test it for marvelous juiciness, tenderness, flavor. If you don't like it for any reason whatsoever—all your money back, without fuss or quibble.

To secure refund, simply write your name and address on a piece of paper, attach cash register slip and take it to the Safeway market where you bought the meat. This guarantee of satisfaction holds on all your meat purchases at any Safeway market in this area.

THIS AMAZING NEW MEAT SERVICE IS AVAILABLE AT ALL SAFEWAY MARKETS IN THE FOLLOWING COMMUNITIES . . .

San Francisco, Oakland, Berkeley, Alameda, Daly City, Burlingame, Millbrae, Redwood City, San Bruno, San Carlos, San Mateo, South San Francisco, Albany, Antioch, Castro Valley, Centerville, El Cerrito, Concord, Crockett, Emeryville, Niles, Hayward, Livermore, Martinez, San Leandro, Pittsburg, Pleasanton, Richmond, Walnut Creek.

IRVINGTON P. T. A. MEETS DECEMBER 10; SPECIAL SPEAKERS

IRVINGTON — The Washington Union High School P.T.A. executive board met at the high school library at 7 P.M., on Monday with Mrs. Myrick presiding. The units regular meeting will be held on December 10 at 2 P.M. at the High School cafeteria. Mrs. R. S. Mayock will lead a panel discussion with Principal A. J. Rathbone as chairman and Mrs. W. L. McWhirter, welfare chairman, Mrs. Gladys Williamson, Tribune reporter, William Lindsay, Boy Scout field executive and Joe Schenone of Hayward from the district attorney's office will take part. The general public is cordially invited.

ROBERT HUNT JR. SCORES HIGHEST IN RIFLE MATCH

MISSION — The Tangle and Twist Junior Rifle Club held their first annual "Club Champ" match at the P. G. & E. club house on November 26 with Instructor Robert Hunt Jr. in charge. Each of the members was given a chance to compete. The winner of the match was Robert Hunt Jr. with a score of 367 out of a possible 400. Arthur Kimber placed second with 353, and Kenneth Calhoun, 351.

A medal will be awarded to the winner by the National Rifle Association. "Bob" Hunt already has an outstanding record as a rifleman, and the club will miss him when he has reached the age limit, which is not far off.

SURPRISE SHOWER

MISSION — Last week a surprise shower was given for Miss Elsie Souza of Driscoll road by a number of her friends in anticipation of her coming marriage. She received many and varied gifts, all very useful. Those who attended were Mesdames Josephine Souza, Joe Reis, Frank Albert, Ernest Albert, Mary Borge, J. Perry, Roslyn Garcia, Marie Cunha, and the Misses Mary Santos and Alice Reis.

SATURDAY VISITORS

CENTERVILLE — Mrs. Ernest Frie and son Ernest Fessler of Oakland and Odene Huddleston of Los Angeles visited the Joseph Jason family here on Saturday.

WHIST PARTY FRIDAY

MISSION — The Mission Grammar School was very active this past week getting ready for the whist party on December 5, also preparing songs and other things in anticipation of a Christmas program and party. Mrs. Maude Witherly W.P.A. director has the children busy making all sorts of novelties for their parents. The thing they like to do most is to make serpentine baskets and pin and ash trays. They shellac them and dry them in different shapes. The grammar school dismisses on December 19 for the Christmas holiday.

FARM WOMEN ENJOY TURKEY COOKING PROJECT

NEWARK — The Newark Farm Home Department held their regular meeting Friday at the home of Mrs. Lenda Kraft with Mrs. Geneva Smith presiding. The project of the day was Poultry Cookery, which was conducted by the Home Demonstration Agent, Mrs. Maryette Holeman of Hayward with the members cooking a large turkey as a project. Their annual turkey dinner was served at 1:30 followed by a Christmas party with the members exchanging gifts.

The next regular meeting will be held at the home of Mrs. Delia McNulty, Friday evening, December 5. Members are asked to take notice of the new date. The Project will be Holiday Sweets.

IRVINGTON P. T. A.

IRVINGTON — The Irvington P. T. A. executive board met at the Irvington Elementary school last Tuesday afternoon, November 25. The regular meeting was held at 2 p. m. on December 4 at the Irvington school. Luncheon preceded the meeting at 1 p. m. in the school cafeteria. H. P. Fehler of San Jose spoke on defective hearing, his topic being "How defective hearing affects one's life." Mrs. J. S. Haines, president of the Phoebe A. Hearst Council was the guest of Mrs. Manuel Soito, local president. The annual Christmas party for the children was planned with Mrs. Wayne Day acting as chairman.

ROEDING'S QUALITY ROSES are Ready

● YOU'LL get better results from strong, healthy "Roeding's Quality" bushes purchased from garden headquarters. Perfect blooms and more of them. Every rose is field-grown & naturally ripened. It pays to buy direct from the grower (77 years experience). Every variety field-tested by us for Central California conditions.

AS A GIFT...!deal!

CENTERVILLE P. T. A. ENJOYS FINE MEETING

CENTERVILLE — The Centerville Elementary school P. T. A. held an interesting meeting on Tuesday afternoon November 25, in the school auditorium.

Mrs. Edward Chamberlain, president of the local unit, presided over the business meeting. Mrs. C. E. Anderson, cafeteria chairman, reported successful operation of the cafeteria for the past few months. Mrs. Cecile Whitaker gave some interesting observations on flag etiquette. Mrs. Alfred Ornellas, financial secretary, reported that this year's membership would set a new high in the long history of the Centerville P. T. A.

Mr. Thomas Maloney, Mrs. F. J. DeBorja, and Mrs. Loren Marriott recommended that the annual card party be given on Friday evening of California Public Schools' Week which is the last week of April. Mrs. Inez Silva announced that the Christmas operetta would be presented in the Centerville Elementary school auditorium on Friday evening, December 19, and that the assistance of the members in making costumes was greatly appreciated. Mrs. W. L. McWhirter, Mrs. Loren Marriott, and Principal Maloney were appointed to make arrangements for the distribution of the annual Christmas baskets. Miss Mary Dias chairman of the rag drive, explained the manner in which this activity was to be conducted.

Following the business meeting, Mrs. J. S. Haines, president of Phoebe A. Hearst Council explained the plans and activities that are being undertaken. Mrs. Marriott gave an interesting report on the children's hospital of the East Bay.

The speaker of the afternoon, Mrs. W. L. McWhirter, gave a demonstration and a discussion of "Flowers, and Flower Arrangements." Vocal numbers were rendered by Mr. Carleton Brown, of Washington Union High school accompanied by Mrs. Inez Silva at the piano.

The next meeting of the Centerville P. T. A. will be held on Tuesday, January 27.

STUDENTS PREPARE CHRISTMAS OPERETTA

The students of the Centerville Elementary school are preparing a Christmas operetta, "In Quest of Santa Claus," which will be presented in the Centerville Elementary school auditorium on Friday evening, December 19, at 7:45 o'clock.

No admission will be charged and the general public is most cordially invited to be in attendance.

CENTERVILLE SCHOOL NEWS

By Harold Alameda
The students enjoyed a visit from an oil truck on Tuesday morning. After a brief but interesting program, candy was passed to the students.

This program was under the direction of Al Monese. The students in charge were Alfred Gomes, Adolph Enos, Norval Peixotto, Arthur Thomas, and Harold Alameda.

Mrs. Gwyn Tebault, Public School Lecturer of The Latham Foundation for the Promotion of Humane Education, visited the school on Friday, she told interesting, true stories about kind deeds and the heroism of animals.

The Junior Auxiliary of the Washington Township Post, American Legion conducted a drive for toys and games that were either broken or were not being used. These will be cleaned, repaired, painted, and distributed to children who will gain much enjoyment from them.

The students in charge of collecting the toys and games were Eva Jason, Betty Cotter and Annette Kirkish.

LADIES AID DINNER

CENTERVILLE — You are invited to a dinner at the Centerville Presbyterian church, Thursday, December 11. Price 65c. Children 35c. Dinner will be served from 5:30 till 6:45 p. m. Please make reservations with Miss Margaret Fair, Centerville 184, not later than Tuesday, December 9.

CHRISTMAS PLAY & PARTY PLANNED AT IRVINGTON

IRVINGTON — The orchestra of the Irvington Elementary School is preparing Christmas songs which will be played the evening they present their Christmas play and party on December 18. The public is invited to attend. The casts consists of Santa Claus, William Enos; Mrs. Santa, Beverly Soito; Nippy, Dickie Silveria; workers; Joan Campos, Joan Dutra, Skippy Del Florentino Clytelle Shepherd Bob Sighama, Donald Howe, Theodore Falloner, and Junior Santana.

The children are John Connolly, Kenneth Kraft, Doris Thomas, Stoney Mayock, John Shark, Junior Silva, Anna Mae Grimmer, Bernadette Leal, Lorraine Brown, Audrey Turnbow, Dickie Ohye and Carl Brown.

SCOUT LEADERS TO HEAR NATIONAL LEADER AT ANNUAL MEETING

Scout and Cub leaders of the Oakland Area Council will gather at Camp Dimond on Sunday, December 7 for the annual assembly of the local organization. The meeting will open at 12:30 p. m. according to K. Leroy Hamman, Council president. Guest speaker at the affair will be E. B. DeGroot, assistant national director of public relations of the Boy Scouts of America. DeGroot is a veteran leader of Scouting, having served as Scout Executive of the Los Angeles Council for many years before entering his present field of work.

Committee reports will be presented to the group including plans for the 1942 program. Election of officers of the council is also scheduled to take place. A turkey dinner will be served by the camp chef. Following the dinner a program of entertainment has been arranged. Many reports will be presented.

DECOTO NEWS

Mrs. Edmund Francis
Correspondent

Mr. and Mrs. Harry C. Searles entertained relatives from Eureka at their home here last week.

Mrs. Elsie Brown has been confined to her home here with an attack of influenza.

Mr. and Mrs. Tony Amaral, Mr. and Mrs. Louis Zwissig, Mrs. George Smith and son Leonard, Joe Caldeira, Flora Garcia, Isabel Gomez, Saturina Martin, Mary and Carmen Cortez, Mrs. Mary Amaral, Peol Paniagua, Mr. and Mrs. Edmund Francis, Florence Milina, Sam Cortez, Earl Madeiros, and Sam Martin, were among those from Decoto who enjoyed the Big Game Dance given by the Native Daughters at the Newark Pavilion on Saturday evening.

Margaret Williams, daughters of Mr. and Mrs. Antone Williams, was confined to her bed for several days with an attack of influenza.

Joe Seoane, Sr. is recovering from a hand injury suffered three weeks ago, while he was sawing wood on a power saw.

Manuel Muniz, Tony Amaral and son David, Edmund Francis, and Vernon Vargas, attended the exhibition featuring Joe Louis at the Civic Auditorium in San Jose on Thursday evening.

Jos. Pearce of the Jos. Pearce Canning Co., is recovering at his home in Hayward, from a recent illness.

Wilbur Cox attended the Big Game at Palo Alto on Saturday. — Dance with the State Guard! —

INDIGENT LOAD DROPS IN COUNTY

The county indigent roll in Alameda county numbered 2,588 for October, a drop of 580 or 18 per cent from the 3,168 cases in the county during July, according to a study of the effect of the discontinuance of the SRA on county indigent rolls, just made public by California Taxpayers' association.

The county indigent case load totalled 2,810 in May, 2,746 in June, went to 3,168 in July, the month immediately following the demise of the SRA, and was 2,588 in October, the association found.

— Dance with the State Guard! —
Yvonne Vieux and Elsie Woodard attended the California-Stanford game on Saturday.

WHIST PARTY

CENTERVILLE — The Knights of Columbus Council No. 2692 is sponsoring the annual benefit whist party to be held this Friday evening in the Parish hall at Centerville, the proceeds to be used for the benefit of the children of St. Mary's Orphanage at Mission San Jose. Turkeys and other prizes will be awarded. This promises to be one of the leading social affairs of the season and the public is invited to attend.

NEWARK SPORTSMEN TIE FOR FIRST PLACE IN LEAGUE

NEWARK — While the Newark Sportsmen were playing a non-league game Sunday in San Leandro, the Melrose Boosters upset the Ramos Drug of Hayward in the Southern Division of the Alameda County Winter league 2 to 1 to make these two teams and Newark tie for first place in the winter league. The Nixon 76 club of San Leandro downed the Newark Sportsmen Sunday by a score of 5 to 2.

Melvin Nunes, son of Mr. and Mrs. Pete Nunes of Centerville, a student of Washington Union High school, played for the Newark club Sunday as it was a non-league game and proved to be a future prospect for the Pacific Coast League and even the major leagues someday. Mel, who is the regular second baseman for the Green and Bussa club in the Bushrod league, filled in for the Newark Club as his club did not play Sunday because of wet grounds. According to spectators Nunes was given a lot of credit for his fine work done at second base handling eight chances without a miscue.

— Dance with the State Guard! —
DANCE IS SUCCESS

NEWARK — The Big Game dance held Saturday evening at the Newark Pavilion turned out to be a financial success. It was given by the Washington Township Native Sons and Native Daughters. Many people at the dance who attended the game at Palo Alto were describing to others how California upset Stanford 16 to 0, after Stanford had been favored 3 to 1 to defeat California.

SURPRISE HONORS NEWARK COUPLE ON GOLDEN WEDDING

NEWARK — A surprise golden wedding anniversary was held Tuesday evening in honor of Mr. and Mrs. John Pope on Dairy Avenue in Newark by a group of friends and neighbors who presented the couple with a beautiful purse filled with coins. Refreshments were served.

They were married fifty years ago on November 25, 1891 in Pennsylvania where one of their daughters, Mrs. Mary McCauley of Allegheny, Pennsylvania now resides. The McCauleys are also former Newark residents. The couple has another daughter, Mrs. Kathleen Diester of San Leandro and seven grandchildren.

Mr. Pope was a molder at the Wedgewood Stove Plant for many years until he retired several years ago. Mrs. Pope was an active woman in civic and church affairs until recently. They have resided in Newark for over twenty years.

VERNON ELLSWORTH HEADS U. C. CLUB

CENTERVILLE — The University of California Alumni Association held their annual dinner on Wednesday, November 26 at the Country Club. The following officers were elected: Vernon Ellsworth, president; Donald Graham, vice president; Mrs. Roland Bendel, secretary-treasurer. The new president will immediately appoint committees for the year.

The organization adopted the following policy on scholarships to be given by them: forty per cent based on scholarship, forty per cent on need, twenty per cent on personality. The guest speakers were Jim Jurkovich, honorary Captain of the Big Game, Arthur Harris, City Commissioner of Berkeley and Robert Sibley, executive secretary of the California Alumni Association. Fifty-two persons attended the meeting and it was the largest one ever held by the organization here.

Mrs. Victor Cattaneo spent a few days in Niles last week. Mr. and Mrs. Cattaneo and daughter Mary moved to Vallejo a few weeks ago.

FORUM SPEAKER RECONCILES THE IRRECONCILABLE

BRILLIANT ADDRESS PROVES MASTERPIECE IN THEORETICAL REALM

CENTERVILLE — The ninth address on the current Public Forum series, presented Monday evening in the high school auditorium with Professor Theodore Kreps of Stanford University speaking on the subject: Can Democracy Solve its Economic Problems? proved the most interesting to date. His hearers kept him for such a long question-and-answer period following his formal address, that Chairman Jack Rees had to call a halt to the more than two hour event.

The speaker, who was an advisor to the O. P. M. in Washington last summer, who was an officer overseas in the last war, and is now dean of the Graduate School of Economics at Stanford, elevated his hearers to the realm of pure theory with such brilliant understanding that he could, and did, reconcile the juxtaposed philosophies of rugged individualism versus planned economy to his hearer's satisfaction.

He warned his audience at the outset that, as a student of governmental philosophies and current economic trends, he could see several roads leading in several directions, but could not tell where any of them went ultimately, nor where they finally arrived!—Thus providing inspiring instruction, but leaving his hearers and his theories suspended in thin mid-air.

— Reiterates Fundamentals

He began his address by restating the fundamentals of the Founding Fathers, crediting them with inaugurating the first government-by-the-people as contrasted with the then-prevailing divine right of kings. This, he said, was the birth of democracy. The Founding Fathers, however, called it republicanism, having founded this nation as a Republic.

Pursuing the trends of current Democratic governmental processes plumb off the level of common experience he stated, and proved, that wars could be fought without money; that only a Democracy could solve the "if" problems of education, opportunity and economic supply for all, because only a Democracy insists on the supreme value of the individual, rather than the state; that Democracy's objective is to secure the services of the individual without slavery.

The necessity for our government's management of individuals in the mass is proven by the statistical facts that in 1936, only five years ago, in this, the richest nation on earth, ONE THIRD of our population had to live on annual incomes for the average families of four persons of but \$570 to \$780 per year; ONE HALF lived on less than \$1,050 annually per family; TWO-THIRDS of our people had less than \$1440 annual incomes.

— Production Will Win

Other high-lights of his thesis included the statements that the war and the peace to follow, both will be won by maximum production by our vast industrial machine.

That in England milk and bread are now dispensed as public utilities; effective soldiers at war or production workers at peace both must be well-nourished, making the supplying of adequate foods a government function.

Unhindered technology is the next step in government management. Germany, because of the protection given everyone by our patent laws, had us ham-strung a year ago, preventing us from using our own tungsten carbide, bdelium and magnesium. This awkward situation has since been rectified. (See "Bottle-necks in our Defense Production," in the November Readers Digest.)

It will take increased governmental control of our resources, our manufactures and our pursuits to win the war. Congress' present botching of price control laws is a sorry example of their discharge of a public trust. Congress, he said, is now giving an historic example of laissez-faire, or do nothing.

ing. "You cannot win a war by sitting behind a Maginot Line of special privilege, nor can you make any attempt to defend special privilege. France's collapse is a sad example of what happens when you seek personal security and exemption at the expense of the expense of the general public. There will be no return to 1914 ideas nor 1929 methods, both now having expressed obsolete economic ideas.

— Power vs. Power

He said first: that government has to control more of the public functions; second, that the concentration of economic and political power in the hand of the few in one place constitute a direct threat to the freedom of The People, whose rights must be championed by a vigorous free press; third, that big business, created through rugged individualism, had made possible big government in Italy and Germany. The speaker did not reconcile this conflict between the power of the people, where power properly belongs, and the power of the government, which he said, was elected to represent the people.)

Under the American tenet that "all men are created equal" any concentration of economic and political power is a thrust against the safety and welfare of the individual. Our government's objective now is the Democratic aim of providing and safeguarding individual liberty, social justice and economic efficiency for and by all the people.

— Money Only a "Salve"

Other gems of thought were these: tyranny always creates its own counter-pressure; you can never "get ahead by trying to get even," either as individuals or nations; goods and services will win the war without money, which only provides the lubricating element. Perceive now that three bankrupt nations: Germany, Japan and Italy are prosecuting wars without money — wars which are upsetting the peace of the world.

Inflation is not fatal, according to Dr. Kreps. It causes an upset which necessitates making a readjustment, but we can survive inflation, even as Germany somehow survived its own frightful inflation following its defeat in the last war.

(Editor's note: our government's effort to control and regiment all lines of human endeavor is resulting in making our economic, business and agricultural life complicated and complicated-er, with its vast army of new employees and enormous amounts of records and book-keeping. It seems the only solution to our national problems is to work toward SIMPLIFICATION; towards repeal of fruitless laws, towards unification and reduction of the numbers of existing laws, in order to make them truly operative and of real benefit to the people. Note that laws are now passed so abundantly by congress and state legislatures the lawyers themselves cannot keep up with them. Note too that congress and legislatures NEVER repeal useless laws. A lot of the AAA machinery set up during the depression is still grinding away, binding the hands of American farmers, all to no good purpose.

(Note lastly the unutterable SIMPLICITY of our Constitution and Bill of Rights. They are classic because they are not so simple and so all-inclusive. But our lawmakers today do not have the perceptions, derived from mental elevation, possessed by the Founding Fathers... most of whom tucked away their 29 ounces of raw whiskey neat, every day. Men were men in those days, physically and mentally. They knew what manual labor was, how hard money was to come by, and their minds were mighty instruments of The Almighty — in whom this nation was founded. "Give me men to match my mountains" Mother Nature still cries! —W.W.)

PIONEER MAN
SUCCEEDS TO
BRIEF ILLNESS

IRVINGTON — Final rites were held on Tuesday afternoon, November 25 from the Berge Mortuary for Henry Frederick Weston, 77 a native of this community where he had spent his entire life as a rancher and a merchant. Interment was made in Odd Fellows Cemetery in Irvington.

Mr. Weston passed away at the Hayward hospital after an acute illness of only a day but had been in failing health for some time. He was the husband of Lela Wells Weston and the brother of Annie Weston of Irvington, Edward Weston of Palo Alto and the late Jane Blacow, and was step-brother of the late Frank Reynolds.

He was the uncle of Joseph Blacow of Susanville, Howard Weston of Palo Alto and Weltha Elgin of Arizona. His parents, pioneers of Southern Alameda

SALINAS TO DEDICATE FIRST U. S. O. BUILDING

SALINAS — Nationwide interest is being taken in the opening of the Salinas USO building on December 9th, because it is the first Class A building to be dedicated west of the Mississippi and third in the whole United States, under a program wherein 170 buildings are being constructed.

There will be a representative mechanized military parade at 3:00 p. m., showing the various units used by the United States Army and Air Force, with an aerial display by the 82nd Squadron from the Salinas Army Air Base. Immediately following the parade, the building will be dedicated and public inspection will take place. One thousand Dancing Draftees have volunteered for the big enlisted mens' dance to be held that evening in the building. At 6:00 p. m., Governor Culbert L. Olson and Adjutant General J. O. Donovan will swear in the Salinas unit of the California State Guard at the Salinas Armory. At 7:00 p. m., the Salinas Chamber of Commerce will hold its annual banquet at the Elks' Club with Governor Olson as the principal speaker.

IS JAPAN TO REMAIN HITLER'S DECOY?

The Japanese have been playing international "peek-a-boo" with the United States and England for the past six weeks. Tojo rattles his sword and A-B-C-D sailors and soldiers jump to battle stations.

Next day the Japanese peace leaders get control and everybody relaxes. This jittery process has been going on for some time. The British progress in Libya and the German evacuation of Rostov have both hurt German prestige in Japanese eyes. The Nipponese military want to jump on the band-wagon of the winner in this world war . . . but they're not quite sure yet who is to be the winner. This is the jackal policy, initiated by Mussolini in Albania. The outcome for Japan, if she insists on becoming a scavenger nation, will be the same as it has been for Italy: curtains and extinction.

The Japanese as a people, per se, are too decent to eat garbage with Hitler. Let us hope that reason will remain in the saddle and that the same adjustments and concessions can be made for Japan WITHOUT war which would have to be made after a destructive war. War doesn't settle anything in these days.

If the Japanese jingoists insist on plunging Japan into a war with America, England and the Dutch, plus the continued resistance of the Chinese, in less than a year Japan will be done for as an aspiring first class nation.

America and the English with their greater resources can stand losses and punishment which would exterminate the Japanese.

But before any concessions can be made by the A-B-C-D nations to the aggressive Japanese their alliance with the axis must be broken off. The tide of empire is now turning definitely against Hitler and his'n and the Japanese are now way out on a limb . . . and they should be able to hear it cracking.

— Buy Defense Bonds and Stamps —

WILLIAM WINTER, radio news commentator — "The Japanese appear to be in the position of a man who stands upon the Golden Gate bridge and threatens to jump unless the people of San Francisco agree to permit him to rob a bank in Oakland."

EUROPE'S VALLEY FORGE

The place named Valley Forge connotes to Americans the hardest test for raw courage that Washington's freezing, hungry, tattered men met in the Revolutionary War. Today the peoples of Nazi-ruled Europe live in a hundred Valley Forges of misery and desperation — from which seep stories of men and women unconquerable.

From former Serbia, where an underground army of patriots has cost the Germans dearly, comes a story authenticated by *Life* magazine: Nazi officers under a flag of truce interviewed Colonel Draja Mihailovich, leader of the Serbian "invisible army." The Nazi offered amnesty to him and all his men — for surrender. This offer rejected, they threatened to kill all prisoners taken from that day on. After two hours of threats and pleading, the Serb said simply: "We shall cease our struggle on the day that Germany unconditionally surrenders or on the day that the last German soldier dies." The Germans returned to the mightiest army on earth. They left behind them a man who has to hide out in his own country — but a man Adolph Hitler cannot subdue.

Another "noble experiment" — the National Labor Relations Act — hasn't worked out in practice. And don't be surprised if it is repealed or drastically amended before the national defense period is ended. The drive in Congress will start shortly.

JOIN THE "SERVICE MOTOR CORPS"

Patriotic motorists are invited by the California State Automobile Association to enroll beginning tomorrow in the newly-formed Service Motor Corps, a volunteer motorized army, being organized throughout the state to help meet the transportation needs of men in uniform when on leave.

"Give Them A Lift" is the slogan adopted for the Service Motor Corps, launched by the Automobile Association and scheduled to go into operation this week, in an effort to solve a problem which has long concerned Army and Navy officers — providing transportation for service men, at the same time respecting the order that forbids them to "thumb" their way along the highways.

Motorists may enroll in the Corps at the San Francisco headquarters of the Automobile Association, 150 Van Ness Avenue; in Oakland at 399 Grand Avenue, and at any of the Club's 32 other offices in northern and central California.

Membership in the organization is open without charge to all responsible motorists. The only requirement will be the desire of the motorist to do his bit by inviting the enlisted men to ride as his guests.

Upon enrollment, each member of the Service Motor Corps

LEAL'S GROCETERIA
Shopping Economy
Irvington - Phone 21

Editorial Page of the Township Register

will receive a certificate of identification and a distinctive windshield insignia. The windshield sticker will signify to the men in uniform that here is a motorist who appreciates the part they are playing in the national defense program, and invites them to ride.

To eliminate the stigma of hitch-hiking and to avoid picking up a man who might be A. W. O. L., a Corps member, when stopping for a man in uniform, will ask for his official pass authorizing leave from camp. The guest will then sign his name and camp or station in a space provided on the Corps member's certificate.

"Our uniformed men often do not have the money to spend for transportation when they obtain camp leaves," it was pointed out by officials of the Automobile Association as the Service Motor Corps was launched. "It is the desire of this organization to see to it that uniformed service men do not have to beg a lift. They will be invited to ride."

— Buy Defense Bonds and Stamps —

Unsung and unannounced, troop transports are sailing out the Golden Gate almost daily, loaded to the gunwales with American soldiers. Where are they going? Don't be embarrassing! All our informant knows is that there's a crisis in the Pacific. And he's seen them!

And a recent arrival from the Hawaiian Islands says his passenger vessel had a naval escort all the way!

BUYING OF CHRISTMAS SEALS URGED

Every Christmas Seal sold by Christmas Day is the record Alameda County citizens were today asked to establish by Arthur W. Moore, chairman of the present 1941 Christmas Seal Sale.

From first to seventh place among the causes of death in the United States is the progress which has been made in combating tuberculosis during the past thirty years he declared.

"More Christmas Seal dollars are needed to continue the fight," Moore said. "Unsold Seals do not help fight tuberculosis."

"The further need for Christmas Seal dollars in the fight against tuberculosis is shown by figures taken from a group of 44 communicable diseases," Moore continued.

About half the deaths from diseases in this group are caused by Tuberculosis, while the other half is distributed among the other 43 he said.

"Tuberculosis is a great menace to the health of this country, and it is also a large economic hazard," he stated. "Tuberculosis costs the taxpayers money. Therefore, all of us who are interested in the health and welfare of our own country are interested in the sale of Christmas Seals."

Our soldiers, sailors, and marines need planes, ships, tanks, ammunition, uniforms, and food. You can help to supply them by buying Defense Savings Bonds and Stamps.

KEEP TRACK OF FAMILY EXPENSES

According to a Washington dispatch via Associated Press quoting Secretary Morgenthau the lowered income tax exemptions and increased levies will not apply to 1941 incomes! Therefore the new group of low-income bracket tax-payers who have never paid income taxes before, will not have to make returns until March 15, 1943, and that will be on their next year's incomes.

One hopes the Secretary of the Treasury knows what he is talking about.

Persons in the lower income group who are smart will keep close record during 1942 of their expenses, many of which can be deducted from their returns in 1943 for their 1942 incomes.

Any large stationery store now has on sale a comprehensive booklet costing \$1 wherein are listed every deduction to which very class of person is entitled. A surprising one is the deduction allowed on all admissions where federal taxes are paid.

Considering the numbers of admissions everyone pays during the course of next year to dances, whist parties, shows, games, etc. it would pay every citizen to keep a record throughout the year of all tickets bought. The average family must spend \$50 or more per year for this one item; it is deductible from your tax return; and unless a record is kept as you go along you will have no idea at the end of next year how much you have spent through the year for admissions to public events.

Thrift and family book-keeping are now indicated for everyone, particularly the small businessman who is allowed to deduct from his return nearly all expenses incurred in the proper running of his business: such as insurance premiums, sales tax, postage stamps, printing, advertising, county taxes, repairs, automobile used for business purposes, depreciation of machinery, building maintenance, etc. etc.

Township residents who have incomes in excess of \$750 per year for a single person, (that's only \$65 per month, and room and board furnished count as income), or married persons earning more than \$1,500 per year, with \$400 exemption for each minor child, will save themselves an awful headache a year from now if they start keeping daily account of their 1942 incomes and expenses, starting promptly on January 1, 1942. At the end of 1942 all you have to do is add it up. Very few private families, especially men who are used to spending as they please, keep any track whatever of what they spend.

The government is going to require accurate accounting of of nearly all private incomes on March 15, 1943. The wise thing to do is start keeping books on family expenses promptly on January 1, 1942. . . But first buy an income tax guide for \$1, give it some hours of study, and find out what you are doing.

(If that spalpeen Hitler would just cut his throat we would not have to be bothered!)

To "Keep 'em Flying" you must "Keep on Buying" Defense Savings Bonds and Stamps regularly.

USE LIGHTER WEIGHT PAPER

Paper manufacturers are suggesting to the paper wholesalers that they induce the printers who buy their paper products to ask their retail customers to use LIGHTER weight papers in all their printed forms and supplies.

For example: big retail firms use either a 20 lb. or a 24 lb. genuine bond for their letter heads. This means that 1,000 sheets of this paper, in the standard mill package of 17x22 inches, weighs unprinted either 24 lbs. per thousand sheets for the heavier paper, or 20 lbs. per 1000 sheets for the medium weight paper.

Now if these firms would become accustomed to using a 16 lb. paper, which is one weight lighter than the 20 lb. stock and two weights lighter than the 24 lb. stock, the mill would save 4 lbs. of paper per thousand sheets in the first case,—eight pounds per thousand sheets in the second case, on every 1,000 sheets (mill package) of letterhead stock purchased from them.

In addition, the business house saves postage, where the correspondence runs over two sheets to the letter.

The universal use of lighter weight papers (up to the present a richly-finished, heavy-weight paper was THE thing for a swank business house to use) would save from one-sixth to one-third on paper pulp in each order. Multiply this by the millions of firms using billions of sheets of paper; extend it to include office records, envelopes, mimeograph paper; and use a 13 lb. second sheet instead of the standard 16 lb. and the annual saving of American pulp materials would be terrific.

It seems that wood pulp is a vital part of explosives, hence the sudden drain on our country's supply.

This is a very good idea. In fact, correspondence on onion skin, which weighs but nine pounds per 1000 sheets is just as legible as it is on 20 or 24 lb. bond — although this is carrying economy to the ultimate extreme.

While waiting for business firms to voluntarily adopt this innovation — and, by the way: the printer can make you a cheaper price for a printing job on light weight stock because he has to pay less for the lighter stock than the heavy . . .

The manufacturers are seriously considering cutting out four of the less used of the twelve standard colors in which all good bond papers are made: leaving the customer eight colors from which to choose. This should entail no hardship on anyone.

The manufacturers are already cutting out making the 28 lb. weight in bonds; the 32 and 36 lb. weights in ledger paper. As matters stand, every first class paper house now stocks each brand of watermarked bonds in 12 colors, 3 finishes, (plain, ripple and laid); 5 weights and 6 standard dimensions. Multiply this all together and each paper house has to stock 1,080 different packages of each weight, color, finish and dimension of each brand of watermarked bond.

As each paper house handles at least 20 standard brands, they have to warehouse 20 times 1,080 different packages, or 21,600 different styles of packages in order to meet trade demands.

Lop off two dimensions, 2 weights, one finish and 4 colors from each of the above assortments and you reduce the wholesaler's stock of each brand to only 192 different packages, and what a saving that will be in overhead, bookkeeping, wear and tear.

After all: the letter or the printed record is the thing and a job of printing can be done just as handsomely on a light grade of standard bond as on a heavy. THE CUSTOMER gets the saving in his printing bill. — All of which is little enough sacrifice to make for good ole national defense! — W. W.

PUBLIC (Legal) NOTICE

The Bank of Alameda County, a corporation, the original beneficiary thereunder, in the office of the County Recorder of the County of Alameda, State of California, on the 8th day of August, 1941, in Liber 4061 of Official Records at Page 472 thereof, and pursuant to a certain notice and demand by said Central Bank, the present holder of said note and deed of trust, declaring default has been made in the payment of said promissory note and deed of trust and demanding that the undersigned substituted trustee, Corporation of America, a corporation, sell the real property hereinafter and in said deed of trust described, or so much thereof as may be necessary in order to satisfy the said indebtedness and the accomplishment of the trusts in said deed of trust contained.

HEREBY GIVES NOTICE that on Tuesday the 16th day of December, 1941, at 10:00 o'clock a. m. of said day, at the main entrance of the Alameda County Court House, situated on Fallon Street, between Twelfth and Thirteenth Streets, in the City of Oakland, County of Alameda, State of California, it will sell at public auction to the highest bidder for cash, lawful money of the United States, all that certain real property situated, lying and being in the Township of Washington, County of Alameda, State of California, and more particularly described as follows:

ALL of Lots Numbered 5, 6, 8, 9, 11, 12, 13, 14, 15, 16, 17 and 18 as said lots are delineated and so designated upon that certain map entitled "MAP OF ALAMEDA FARMS, WASHINGTON TOWNSHIP, ALAMEDA CO. CAL.", filed February 14, 1917 in Liber 16 of Maps, at page 30, in the office of the County Recorder of Alameda County.

SAVING AND EXCEPTING, however, from the above described real property the following:

RIGHTS OF WAY for the uses and purposes of public roads and highways over Cherry Road and Loquat Road, as said roads are shown on the map hereinabove referred to.

THE RIGHT to construct and maintain and operate a drainage ditch in each of the strips of land 16 feet in width marked "Ditch" and reserved to The Newark Realty and Development Co., a corporation, on said map hereinabove referred to.

THE EASEMENT of Sierra and San Francisco Power Company across the aforesaid Lots Nos. 13, 14, 15, and 16, as shown on said map.

Together with all and singular the tenements, hereditaments and appurtenances thereunto belonging or in anywise appertaining and the reversion and reversions, remainder and remainders, rents, issues and profits thereof.

Terms of sale: Cash in lawful money of the United States payable to the undersigned on the fall of the hammer. The said Central Bank, a corporation, or any person may purchase at said sale. Acts of sale at purchaser's expense.

FINAL RITES HELD FOR C. P. MILLER

IRVINGTON — Final rites were given this week at the Berge Mortuary for Christensen Petersen Miller, 88, former roadmaster in Washington Township. Interment was made in the local Odd Fellows Cemetery.

Mr. Miller was awarded a 50-year membership pin by Mission Peak Lodge of I.O.O.F. at Irvington in 1939. He was a native of Denmark and had lived in this community 55 years as a carpenter and roadmaster. He retired and moved to Hayward about three years ago. He was the husband of Annie Marie Miller, the father of Andrew R. Miller of Oakland, Geo. Miller of Hayward, and the late Carl and Cecilia Miller. He was the brother of Mrs. Hannah Jorgensen of Hayward.

BANK OF AMERICA'S
NEW HEAD OFFICE
TO BE DEDICATED

SAN FRANCISCO — With the magnificent new San Francisco Head Office building of Bank of America near completion in the heart of the Bay City's financial district, plans were under way today for formal opening and dedication ceremonies.

It is expected that the large administrative staff now located at No. 1 Powell Street will move to the new quarters during the week end of December 6. Dedication of the building by the founder, A. P. Giannini, has been scheduled for the evening of December 9, during a house warming celebration by the staff. Proceedings will be broadcast over a statewide radio network at 6:30 p. m.

During the remainder of the week the building will be thrown open for public inspection. The structure is conceded to be the last word in design and equipment, and was needed by the bank to relieve congestion in present quarters and provide expanded facilities vital to California industry and the defense program.

The new building to be known as 300 Montgomery Street, occupies an entire block of "the Wall Street of the West" from California to Pine.

— Dance with the State Guard! —
The tenants who occupied the apartment over The Township Register plant at Niles moved on Saturday to Hayward. The men folks are on night shift at the Pacific States Steel plant.

NO FREE PHONE
SERVICE BETWEEN
NILES & HAYWARD

Free telephone service between Niles and Hayward cannot be granted customers paying the extended service rate, after the new dial phones are put into operation in Niles early next year it was reported at the Monday luncheon meeting of the Niles Chamber of Commerce in the City of Florence Restaurant.

Installation of the new dial phones was scheduled to begin this week in homes and business places in Niles.

A member proposed that the Central Bank at Niles again be petitioned to remain open during the noon hour to relieve nearby merchants of the necessity of cashing customers' checks over the noon hour.

Ten members were present with Dr. T. C. Wilson presiding. The Stanford defeat Saturday cast a pall of gloom over the proceedings. Sad, Sad

25 REGISTRANTS HELD DELINQUENT BY NILES BOARD

FRIENDS SHOULD HAVE THESE MEN CONTACT BOARD IMMEDIATELY

In a letter addressed to Allen G. Norris, Chairman of Selective Service Local Board No. 75, the state director of Selective Service requested that a list of registrants failing to comply with the requirements of the Selective Training and Service Act to be made available to the press for publication. Chairman Allen G. Norris today said:

"It has been established that a large majority of so-called delinquencies are attributable not to a willful intent to escape selective service, but rather to neglect or ignorance of regulations. While the Selective Training and Service Act is adequately equipped with pen-

alties for those who would willfully fail to comply with the act, it is not the intent or purpose of Selective Service to prosecute until all routine channels for clearing a delinquency have been exhausted."

The request for publishing delinquent lists constitutes a virtual right-about-face in Selective Service procedure. Heretofore delinquent lists have been turned over to United States Attorneys and the F. B. I. after a reasonable time has elapsed after the date set for the registrant's reporting. The present publication plan, based on the theory of negligence, will precede the more drastic action of investigation and prosecution.

Mr. Norris said the following registrants are delinquent with the local board:

Enrice C. Marte, P. O. Box 241, Alvarado.

Damasio Morales Cortinez, Gen. Del., Decoto.

Manuel Nunez Aranda, Alvarado.

Santos Flores, P. O. Box 124, Alvarado.

Archie Allan McDonald, Pleasanton.

John Bueno Biralde, P. O. Box 52, Livermore, Calif., also new address, 657 King St., Seattle, Wash.

Ignacio Santoyo Garciduenas, P. O. Box 141, Decoto.

Gaudencio Balle Alibanban, P. O. Box 641, Pleasanton, Calif., also new address, 145 Main St., Watsonville, Calif.

Ray F. Muth, Livermore, Calif. New address, Victory Hotel, Black Diamond St., Pittsburg, Calif.

Bennie Perez Gonzales, Rt. 2, Box 98, Newark.

Manuel Valliagca Santallan, Box 736, Pleasanton.

Dale Lester Brown, Gen. Del., Pleasanton.

Carl Salting Purgos, Box 736, Pleasanton.

Jose Rucho, Box 736, Pleasanton.

Paul Martin Robinson, Arroyo Sanitorium, Livermore.

Genaro Hernandez, 701 15th St., Decoto.

Pedro Tabason Manares, P. O. Box 227, Alvarado.

Frank Cadenas, P. O. Box 264, Decoto.

Jesus Toledo, Gen. Del., Alvarado.

Felix Arellano, 401 7th St., Decoto, Calif. New address Soledad, Calif.

Primo Lopez, P. O. Box 343, c/o Nick Barcia, Pleasanton.

Marian Pacheco, 330 Main St., Pleasanton.

Jose Leon Perez, Gen. Del., Alvarado.

Frederico Alvarado, Gen. Del., Niles.

Benito Lazo Castillo, P. O. Box 495 Pleasanton.

FRENCH SPEAKER TO TALK ABOUT FRANCE AT FORUM

CENTERVILLE — Dr. Albert L. Guerard of Stanford University will speak to the Forum next Monday evening, December 8, at 8 o'clock on the "Collapse and Future of French Democracy."

Professor Guerard, author of many works on French civilization, a native of France, member of the American Expeditionary Forces, and well-known lecturer, is recognized as one of the outstanding American authorities on modern France. He has just completed the manuscript of a book on the "Collapse of Modern France" for the Harvard Press.

Dr. Guerard will trace the developments leading up to the greatest democratic tragedy of our time the fall of France. He will describe the personalities of Pétain, Darlan, Laval, and Weygand and the part they may be playing in planning full scale collaboration with Hitler. He will indicate what such collaboration may mean to the progress of the war and to our defense.

Everyone is urged to attend this final Forum of the current series on the general topic "Democracy at the Crossroads." Continued public support of these meetings will make possible their resumption after the holidays.

— Dance with the State Guard! — CHRISTMAS PARTY

NEWARK — The Southern Alameda County Farm Home Departments held their annual luncheon, Christmas party and business meeting Wednesday at the International Kitchen located between Niles and Centerville. Many Newark people were present. The business meeting commenced at 11 a. m.; luncheon at 12:30; with a program of entertainment and a Christmas party later in the afternoon.

Persons acquainted with a delinquent registrant and possessing a knowledge of his whereabouts are asked to communicate with the delinquent's local Selective Service Board at Niles.

(Editor's note: by reason of the fact most of the men above listed have foreign names, they no doubt are ignorant of proper procedure and their responsibilities to the local draft board. Therefore parties knowing the whereabouts of any of the above men will be doing them a distinct kindness in having them contact the Niles Draft board at the earliest opportunity, to avoid probable prosecution in the future. — W.W.)

NILES CITIZENS MAY ENROLL AT GRAMMER SCHOOL

THIS IS ENROLLMENT WEEK UNDER COUNTY CIVILIAN DEFENSE PLAN

Men and women from every walk of life of every race and creed throughout Alameda County are called upon to organize in behalf of their community and this nation in a proclamation issued yesterday by the Chairman of the Alameda County Board of Supervisors and the mayors of the ten cities situated within the county borders.

Officially declaring the week beginning December 1 to be Civilian Defense Volunteer Enrollment Week, the public officials ask citizens of these communities to enlist in a county-wide volunteer army for the cooperative defense of all persons and property.

The words of President Franklin D. Roosevelt are incorporated in the proclamation in the following paragraph:

"In this critical moment of our history, all of us from all walks of life, all shades of political opinion, all races and creeds must organize to train ourselves — to defend ourselves. And when we join together to defend our local community we add strength not only to our local community but to our national community as well — we help to fortify our whole union."

During Enrollment Week the public can enlist at all police and fire stations, city halls, public schools and libraries and the Alameda County Courthouse.

Enlistments are being taken at Niles now at the Niles Elementary School. Principal E. D. Bristow announces.

According to District Attorney Ralph E. Hoyt, chairman of the Alameda County Council of Defense, the basic training course for civilian defense volunteers will start January 5, following the county-wide campaign for enrollment being held from December 1 to 6.

— Dance with the State Guard! — SOUTHERN PACIFIC STARTS WORK ON NILES FLOOD JOB

Thursday morning of last week a giant power shovel started excavating a large ditch on the Southern Pacific property just west of the depot at Niles, thus making the first unit to be started on the long-sought flood drainage project

to protect Niles business houses and residences at the West end of town.

Three foot iron piping has been on the ground for several weeks, awaiting installation under the railway's tracks.

Bids on the State Highway Department's share of the project will be opened in Sacramento on December 10. When the work will be started after that, has not been announced.

NEWARK PEOPLE CALLED TO SEE NEW FIRE TRUCK

NEWARK — With the sound of one blast at the fire station and the roaring of three fire trucks sounding their sirens on Thornton Avenue Sunday about 11 a. m., many Newark people were aroused. This alarm heralded the beginning of the christening and the inspecting of the new 500 gallon pumper White Fire Apparatus, manufactured by the P. E. Van Pelt Company of Oakdale, California.

Before the truck arrived in Newark it was taken through the towns of Alvarado, Niles and Centerville where brief demonstrations and inspections took place. Chief Pashote and Fireman Orland Meneze, who met their new truck at Niles, had the truck stop near the Newark Pavilion where both the other trucks met it. Then, with all the trucks sounding their sirens they approached the town of Newark.

Leading the parade into Newark was the 1910 Little Giant Chemical truck with Louis Calderia, second assistant chief driving; the 1932 GMC 500-gallon pumper; and the new 500 gallon pumper White truck. Chief Pashote drove the 1932 truck while Fireman Meneze had the honor of being the first to drive the new truck.

Many Newark people throughout the day visited the fire house and witnessed various demonstrations concerning fire extinguishers and the truck itself. About 11:30 a. m. the firemen were instructed

how to draft water, which took place at Jarvis Landing. In April 1939, 2500 people attended the ceremonies of the new fire station, dedicated by Washington Parlor 169, Native Sons.

Chief Alves of Niles, Chief Whitfield of Mission San Jose and Chief Lane of Alameda were present to see the new truck christened. Earl Ingham, a charter member of the Newark Fire Department, also inspected the truck carefully.

— Dance with the State Guard! — GUARDSMEN DRILL WITH RIFLES FOR FIRST TIME

CENTERVILLE — Members of the Washington Township State Guard provisional rifle company had 10 rifles on hand at their drill Monday night in the high school gymnasium. Corporal James Collins of Newark gave instruction in the manual of arms.

The rifles were loaned by the Washington Township Post, American Legion and will be used each Monday night until the Guard company is mustered in and can secure their own rifles. Legion Committeemen Ray Peterson and Walter Waynelette are in charge of the safety of the guns.

Lieutenant Nordvik, former Newark druggist, now in active service at Fort Baker in the San Francisco Bay area, was present at the drill and received a salute from the company.

Final announcements were made to the men regarding the big benefit dance to be given this Saturday night in the Newark Pavilion which the public is asked to attend and enjoy. The net proceeds will be used to buy uniforms for the men now drilling with the unit.
